SHORT HOME DESIGN WORKSHOP

For the home designer &/or decorator

CLASSES FEES

4 x 1/2 day classes \$495.00- 9.30 to 1.00

Selected preferred unit - \$195.00

COURSES DELIVERED BY

JUDITH MOLYNEUX

- Professional interior design consultant (35 years)
- Accredited Professional Member - Design Institute of Australia
- Workplace Trainer and Assessor BSZ40198.

ABOUT THE COURSE

Following enrolment in the Short Home Design and Décor Workshop attendees shall learn sound practical advice on how to analyse their existing or new home design on plan overcoming problems inexpensively and easily, ultimately saving on overburdening, unnecessary costs.

Judith's design philosophy is based on classical solutions resulting in long term sustainable enjoyment of your home.

Workshops numbers are minimal so it is advisable to book early to secure your place in the next workshop. *Please see pages 3 and 4.*

COLOUR - fee \$195.00

Learn the theory of colour and how to develop and implement colour schemes in home design to physically and emotionally enhance your interiors and exteriors.

A colour assignment for your home shall be compiled by the course attendee to work on at home using your own home as the palette and assessed by Judith.

WINDOWS & TREATMENTS - fee \$195.00

Light and ventilation are major design criteria when designing a home. Artificial illumination may result in additional costs and lack of natural ventilation may induce mental and physical problems such as depression. Learn what to select and why and how to select windows and their dressings to enhance your enjoyment and look of your home.

It is essential that we know how to use them to their best advantage instead of "just for looks".

FLOOR COVERINGS - fee \$195.00

Floors suffer more damage than any other element of the home. The well informed selection of floor coverings is critical to their longevity and lasting beauty.

Learn why and how to select the correct finish for different areas around the home and ways to calculate budgets prior to selections being finalised.

ACCESSORIES - fee \$195.00

Our homes reflect our personalities through the compilation of environmental and preferred colours, furnishings and accessories. They are best when selected considering age, mindset and attitude of the occupier/s.

How we display our much loved, sometimes expensive accessories depends greatly on knowing the basics of composition, light and focus.

**ADDITIONAL FULL DAY COURSE -
KITCHENS & BATHROOMS - \$450.00**

In this workshop, Judith will take attendees through the kitchen design and specification process to enable the course attendees to make informed decisions with respect to their new or redesigned kitchen project. It is essential that kitchens are designed around the user, how they cook and for how many. Attendees are shown detailing and design options, doors, bench tops, general finishes, storage options and material considerations. *Minimum numbers are required for this course*
