DIY SHORT HOME DESIGN WORKSHOPS

An essential one-day workshop for people purchasing, decorating or building a new home.

Judith Molyneux, a highly qualified interior design consultant, Accredited Professional Member of the Design Institute of Australia (DIA) and a Workplace Trainer and Assessor BSZ40198.

FEE **\$450.00** including GST

Throughout her career Judith has been providing professional interior design, kitchen, bathroom design and interior décor courses privately to people wishing to pursue a career in the home building, retail and design industries.

Attendees of the Short Home Design and Décor Workshops will learn practical advice on how to analyze home designs and solve problems cost-effectively and easily, saving on unnecessary expenses.

Judith's design philosophy stems from extensive experience with classical solutions, ensuring long-term sustainable enjoyment of your home.

Workshops numbers are limited, so book early to secure your attendance. [See pages 3 and 4.](#)

COLOUR -

Learn the theory of colour and how to develop and implement colour schemes in home design to enhance your interiors and exteriors.

A colour assignment for your home shall be compiled by the course attendee for you to work on at home using your own home as the palette and assessed by Judith.

WINDOWS & TREATMENTS -

Learn what to select and why and how to select windows dressings to enhance your enjoyment and look of your home.

Window are one of the major elements in home building design and it is essential that we know how to use them to their best advantage instead of "just for looks".

FLOOR COVERINGS -

Floors suffer more damage than any other element of the home. The well-informed selection of floor coverings is critical to their longevity and lasting beauty. Learn why and how to select the correct finish for different areas around the home.

ADDITIONAL FULL DAY COURSE -

KITCHENS & BATHROOMS -

In this workshop, Judith will take attendees through the kitchen design and specification process to enable the course attendees to make informed decisions with respect to their new or redesigned kitchen project. It is essential that kitchens are designed around the user, how they cook and for how many. Attendees are shown detailing and design options, doors, bench tops, general finishes, storage options and material considerations. Numbers are limited for this course.

The fee of \$450.00 inclusive GST is additional to the above

If you wish to enrol for a workshop, please see the following page for enrolment and payment details and email your registration to www.judith@molyneuxdesigns.com.au

SELECT YOUR PREFERRED WORKSHOP
